

January is **poverty** in America Awareness Month.

THE POVERTY LINE

Please don't let one more fall.

One in six children in America lives in poverty. In a family without enough to live on. That's nearly 13 million children trying not to lose hope. Working together, we can make a difference. Please join the numbers who care.

*For a three person household,
the poverty line is \$16,079.*

Go to povertyusa.org and get involved.
