The White House
Washington, DC 20270

Dear Mr. President,

We are leaders of Jewish, Christian, and Muslim national religious organizations who supported your commitment to make Arab-Israeli-Palestinian peace a high priority from the start of your presidency. Following our April 14 letter and Secretary of State Clinton's response on your behalf, reiterating your Administration's commitment to seek peace, and your strong reaffirmation in yesterday's speech that peace is possible, we write again to offer our united support for urgently needed strong, sustained U.S. leadership, in coordination with the Quartet, to press for agreement on a two-state peace agreement before it is too late. If the opportunity for a two-state solution is missed, there almost inevitably will be renewed violent conflict with more suffering for Israelis and Palestinians, and increased dangers of extremism.

The recent Israeli Peace Initiative presented by former Israeli government, intelligence and security officials, the earlier Arab Peace Initiative, and the Geneva Accord, taken together, offer key principles and ideas for achieving comprehensive Arab-Israeli-Palestinian peace. We urge you to visit Jerusalem and the region soon to meet with Israeli and Palestinian leaders to restart negotiations focused on the principles and ideas in these initiatives.

We believe the United States, in coordination with the Quartet, should continue to respond carefully to the new Palestinian unity agreement and not act precipitously to cut off aid that is essential for humanitarian purposes and for building the capacity of a future Palestinian state. The agreement is helpful in forming a government capable of representing the West Bank and Gaza together. The unity government must commit itself to rejecting violence and negotiating a two-state peace agreement with Israel. We believe the United States should insist on these commitments.

We pledge our prayers and public support for active, fair and firm U.S. leadership in pursuing peace. We will urge Congress to be constructive. We believe that, in exercising strong U.S. leadership for peace, you can count on substantial support from members of churches, synagogues, and mosques across the country.
