### *Advocacy for the Born-Alive Abortion Survivors Protection Act*

[Date]

Dear Respect Life leader:

I'm writing today regarding an effort for which I ask your prayers and support.

Sometimes, babies survive an attempted abortion and are *born alive*. According to the Centers for Disease Control and some states, it could be potentially hundreds of babies each year.

But rather than receiving the same degree of care as any other newborn baby, some of these babies are then *left alone to die, or even killed*. Existing law is insufficient to protect babies like these from infanticide.

CDC and state data proves that some babies are **born alive** after abortion.

So, the Born-Alive Abortion Survivors Protection Act (H.R. 962) was introduced in Congress. But abortion advocates in the U.S. House of Representatives won't allow a vote on the bill. A "discharge petition" has been filed, which means that if enough U.S. representatives sign their names to the petition, it would override this obstruction and enable a vote.

It will take work to get enough signatures, but it IS possible. **That's where our [arch/diocese] comes in.**

Our U.S. [representative/s has/have] been identified as possibly being open to signing this petition if [he/she/they hear/hears] from enough constituents. **[Arch/bishop Name] is asking us to rally our people in support of babies who survive abortion.**

One way we are responding is to **target the [weekend/s of ...] to focus on this issue.** The USCCB is providing resources to assist our efforts. Please take a moment to review the list on the next page and consider how your parish can participate.

Another crucial way we are responding is to ask that **as many people as possible visit Representative [Name] [Date]** when **he/she** is in the district office during the congressional recess. Talking points and a simple lobbying guide are among the resources provided by the USCCB. Please consider how you can best encourage your fellow parishioners to take advantage of this vital opportunity.
