Prayer for an End to Infanticide

The U.S. Senate recently failed to pass the Born-Alive Abortion Survivors Protection Act, but that is not the end of the story. This bill, rooted in our most fundamental human values, is worth fighting for. It would prohibit infanticide by ensuring that a child born alive following an attempted abortion would receive the same degree of care to preserve her or his life and health as would be given to any other child born alive at the same gestational age.

Please join us in praying the [Prayer for an End to Infanticide](#).

Mother's Day: Sunday, May 12th

Mother's Day is a wonderful opportunity to highlight several pro-life issues. For example, you may consider inviting your parish priest to offer a [Blessing of the Child in the Womb](#) in support of expectant mothers and the babies they are carrying.

As we pray in thanksgiving for the gift of all mothers, we also specifically lift up mothers experiencing a crisis pregnancy, that they may find support and encouragement and choose life for their child.

*It is also important to remember that **Mother's Day can be a difficult holiday for many people**, including: couples struggling with infertility; parents who have lost a child; those who have lost their own mothers; couples longing to welcome a child through adoption; and women who have been wounded by participation in abortion.*

A number of resources are available to help address these circumstances:

“If you experience difficulty bringing a child into your family, know that you are not alone. God is with you, and his Church desires to walk with you... God has a beautiful plan for your life as a married couple. Seek his guidance, and let the healing power of prayer, a conversation in which ‘heart speaks unto heart,’ strengthen you.”

“Patients need to be able to trust their doctors to always care for their lives and never deliberately cause death... Patients facing serious illness may feel hopeless and depressed, as though their lives have lost meaning. Addressing psychological, emotional, and spiritual problems is essential to palliative care. Assisted suicide alleviates none of these problems, but gives in to them.”

“*Mary, patroness of America, renew in us a love for the beauty and sanctity of the human person from conception to natural death; and as your Son gave His life for us, help us to live our lives serving others. Mother of the Church, Mother of our Savior, open our hearts to the Gospel of life, protect our nation, and make us witnesses to the truth.*”
