Current USCCB funding priorities:

1) **Formation for church leaders**: formation for clergy, religious and lay leadership; management capacity building initiatives for dioceses/eparchies.

2) **Pastoral projects and Evangelization** – parish and special ministries development; creative youth/young adult projects.

3) **Catholic Education and Catechesis** – capacity building projects for Catholic schools; training for catechists to provide faith formation for all ages groups; catechetical camps.

4) **Social projects** – projects that raise awareness of and implement Catholic Social teaching and renew the capacity of the Church to provide social assistance to those in need.

5) **Scholarships**: doctoral studies in theology are given priority.

Notes: For construction projects priority is given to projects that help to *increase and deepen the pastoral work of the Church* – this would include, but is not limited to schools, seminaries, monasteries, novitiates, pastoral and training centers. Church construction is supported only in extraordinary situations and decisions are made on a case-by-case basis.
