

Strategic Planning: Leading and Managing Change with Success

By Dr. Regina Haney

00:00 – 21:00 Slides 1 – 10

1. Before, during, or after hearing Dr. Haney's webinar, is there any project that you are considering which might require strategic planning? Please describe.
2. In her presentation, Dr. Haney talks about six competencies that need to be cultivated in order to be successful with strategic planning. She also spoke about the need to enable and encourage those involved in becoming agents of change. Choose any one of these competencies (see slide 5) and explain why she might have said this competency is necessary for strategic planning to be successful.
3. What kind of choices (see slide 7) do you think planning involves?
4. What would you suggest are the crucial roles and functions to be identified and applied to better insure a successful strategic planning initiative?

21:01 – 41:13 Slides 11 - 16

5. If you were to consider developing a strategic plan, are there any step(s) described by Dr. Haney (see slide 12) that you would add or leave out of your plan? Why?

41:14 – 1:01:00 Slides 17 - 31

6. Which planning sheets/slides did you find to be most helpful as you consider undertaking strategic planning? Please describe why you answered as you did.
